I believe the Prior Rec files were captured by Melinda, so those don't need to be sent out. The only copying left is what I outlined below. Copy Shack is owned by Mike Mares, and his number is 505.982.0200. **Let me know when you are ready for Mike at Copy Shack to pick up the files.** By the way, they did an excellent job of returning our original documents to us in good order.

Also, Melinda and Deborah worked very quickly, efficiently, and were a delight to have in our offices. The large maps and misc. documents sent out for copying to Copy Shack did not get returned to us before Melinda and Deborah left, but because their numbering and labeling system was easy to follow, Susan and I were able to return documents to their proper location and all is in order again!

Thanks,

2 "

**Subject:** Re: Additional Records for Copying

Hi Diana,

Thanks for letting us know. Yes, I think we will probably want those as well. Let me check with our team here. Also, was the last group of documents in the MARP prior reclamation file category captured by Melinda of SAIC or do you still need to send those out for copying? And please let me know approximately how many feet will need to be sent out, including the MARPs and the additional ones you outline below.

We will get back to you on the process once we secure the approval here for direct payment arrangements with the Copy Shack. Who is your contact at Copy Shack and the phone number? We will need to get an estimate.

Hello, Barbara,

When Susan Lucas-Kamat and I were putting records back on the shelves, we found three items that we had overlooked and which we believe you would want to copy, as follows:

- 1) Permit No. CI002RE, Mt. Taylor Mine Standby Status 3-25-1999 (14 pages)
- 2) Permit No. CI002RE, Original Permit Application, 12-20-94 (37 pages, plus 3 oversize maps)
- 3) Permit MK002RE, Legal size brown pocket file, contents to include: Site Assessment (44 pages); Annual Report (4 pages, plus 1 oversize map); and Incoming Correspondence File ( approx. 58 pages).

Also, I have one **Financial Assurance** folder for the MK009RE, Old Stope Leaching mine permit, which needs to be copied. It consists of 49 pages of correspondence, the original permit and revision, and a 1998 Rio Algom Annual Report, soft cover and bound in the manner of a textbook/workbook, and which is about 90 pages. Please let me know if you want the entire file copied, including the Annual Report.

The other Financial assurance File for Permit No. CI002RE, Mt. Taylor Uranium Mine, was placed in one of the legal size brown, pocket file folders, which was provided to Melinda and has been scanned.

Please let me know if you want all of the above, in its entirety copied, and as soon as I hear from you, I will have Copy Shack pick up these documents.

Regards,

Diana
